parties:
Alonzo Sells, aged 35, a widower, and
Mary E. Ernest, aged 37, a widow, both
of Whoeling.
Karl Rusel, aged 33, and Amelia
Daume, aged 29, the former of Whoeling and the latter of Martin's Ferry.
Bartley D. Flaherty, aged 28, of Pittsburgh, and Johanna Altman, aged 21,
of Triadelphia.

New Business Block

New Business Block.

Mr. John T. Gallaher, of Moundaville, who recently purchased the proporty at the corner of Main and Eleventh streets, opposite the site of the new Pan-Ilandie passenger station, states that he will soon commence the work of improving the proporty by putting up a first class business house with all modern up-to-dute equipments. When asked whether he thought favorably of the suggestion that a hotel building would be a good investment he said that at the best such an investment would be of doubtful profit.

Opening of the Schools

Opening of the Schools.
Yestorday morning the first session of the public schools of the city for the present year took place, and the attendance is said to be fully up to the standard of pnstyears. The book stores were thronged with little ones throughout the day, who presented their slips and got the necessary text books.

Analy Institute Openics.

Actorday this popular school of learning opened the fall term of its eighty-first year under the most encouraging circumstances in its history, 116 students being present, which is ten more than on any previous opening day. These figures, however, do not represent the maximum number that will be in attendance, as it is expected the total enrollment in a week or ten days will reach at least 150. This is cortainly a very flattering testimonial to the worth and ability of Principal John M. Birch and his edective corps of teachers. Linsly Institute Opening.

An Excellent Porfor

An Excellent Performance.

The Opera House did not contain a large crowd last night to see "A Flag of Truce," in fact the attendance was remarkably poor, but what there was lacking in size was made up in enthusiasm. The play is one of those stirring war dramas that catches the audience at the beginning and holds until the finish of the last act. It is made up of many starling situations and a very the finish of the last act. It is made up of many startling situations and a very protty dialogue. The secuery and offects are excellent. The quarry scene in the third act is the most realistic over put on the stage here and took the house by storm. Regular Rand steam drills are used and an immense stone weighing eight hundred pounds drops from a derrick to the stage with a thud that shook the whole block. The company, headed by Mr. Horace Mitchell, is good throughout and each member takes his and her part in an excellent manner. The play will be repeated tonight, when a crowded house should witness its last production here. TO THE ENCAMPMENT.

Hundreds Leave Wheeling for the Smoky City Yesterday. The rush to the Smoky City, where the annual encampment of the G. A. R. is being held this week, commenced in carnest yesterday. Both the Baltimore & Ohio and the Pennsylvania roads car-& Ohio and the Pennsylvania reads carried hundreds of people from this city. Altogether twenty-five car leads went tower the latter and fully as many over the Baltimore & Ohio. The local endiers divided some going on each road. This morning the early trains will carry large delegations from Wheeling to see the big street demonstration this morning.

## PEOPLE'S BUSINESS.

Council Committees Meet and Transact Business.

THE WHEELING CREEK FILTHINESS

Occupies the Attention of the Health Committee - The Church Claim Will be Paid by the City-Several Ordinances to be Introduced at To-night's Council Meeting-Other Public Business Transacted.

Matters were rather lively around the city building last evening, several council committees holding meetings for the purpose of shaping matters up for presentation at the regular council meeting which will be held this evening. The committee on health met at 7:30 p. m., with Chairman Caddle in the chair and Messrs. Deiters, Richards, Israel and Farrell present, together with the city health officer, Dr. McCoy. Bills to the amount of \$50 69 were considered by the committee and recommended to council for payment.

The filth that is daily deposited in the bed of that dried up stream, Wheeling creek, and which is the cause of an in-jorious atmosphere along the creek valley, was discussed and finally ended in the presentation of the following resolution which was recommended to council for adoption:

council for adoption:

Excelved, That this committee ask the county
sealth board, the health board of Futton and
he prosecuting attorney to meet with the city
realth committee and city selletion for the pursee of considering and adopting ways and
means to stop all persons from throwing offal
and other injurious substances in Wheeling
rock.

The case of Health Inspector Davis. The case of Health Inspector Davis, who was recently easpanded, was taken up by the committee, and Dr. McCoy said that his work has been fairly satisfactory. It was decided that who an additional inspector is needed, Davis will be restored to his position.

The committee on claims met with Chairman Paull in the chair, and the following members present: Messra. Knoke, Killeen, Dobbins and Hadlich. City Solicitor Robort White and Mr. Thomes S. Riley were also present. The Church claim, which was recently decided in the circuit court against the city, was discussed, and it was decided to recommend to council that the damages, \$400, and the costs, \$368, be paid by the city to the claimant.

The O'Leary claim was next considered, and it was decided that evidence will be heard in the case by the committee at a meeting to be held Monday, September 24, at 7:30 p. m.

The committee on petitions and re-monstrances met and considered favor-ably the application of Mr. Stehle, of Ford's Crossing, for a coffee house license. Council will be asked to grant the license to-night.

The committee on streets, alloys and grades met yesterday morning at the corner of Tenth and Main street and looked at the abandoned street railway tracks running onto the esspension bridge. The committee will recommend that the tracks be taken up.

The city council holds a regular meet The city council holds a regular meeting this evening, at which a good sized grist of routine business will come up for action. The committee on ordinances will report a number of ordinances will report a number of ordinances with recommendation that they be adopted by council, among them the bicycle ordinance, which provides that bells and lamps must be attached to all whoels, and a speed not greater than ten miles per hour in the city streets. The ordinance granting the People's Telephone Company, of West Virguia, the right to construct and maintain a telephone system in the city will also come up, with the provision that the wires be kept under ground.

The board of public works held a regular auditing session last evening, Mossra. Schmidt and Hamilton present. Nothing but routine business was trans-

The Pan-Handlo Dyeing establishment, owned by John Heilmeier, at No. 1431 Market street, is the bost equipped house of its kind in Wheeling. In addition to the dyeing and cleaning departments a corps of first-class tailors are employed, who can do repairing as neat as it is possible. Ciottos and ludies' garments, cleaned or dyed, can be made to look like new. Satisfaction guaranteed.

SPECTACLES-PROF. SHEFF.

PROF. SHEFF,

EQUAL TO CUSTOM-MADE-THE HUB CLOTHIERS.

# Merit Always \$10, \$12, \$15. Wins!

What is worth having is worth paying for, but there is danger of paying too much. Now every Clothing Store in town has \$10, \$12 and \$15 Suits and Overcoats. We have made ours so attractive that it has forced them to do it. But their's ours so attractive that it has forced them to do it. But their's are not like our Overcoats and Suits. At a hasty glance, before the new is worn off, they might deceive an experienced eye. Look close at the stitches, compare the qualities of fabric and trimmings, the taste in putting the trimmings on, take in the fit of ours and others. At every point we balk their claim to equality. At least one-fourth of our Suit and Overcoat stock are in these three grades. Men who have been buying \$48 and \$20 Suits and Overcoats, or having them made to overly for even more are our customers. For them every fast order for even more are our customers. For them every fish ionable style in every man's size; no matter how stout or tall and slim, a Perfect Fit is assured.

## Equal to Custom-Made ! ..... ABOVE PAR

If you think we haven't succeeded, if you are still sceptical, spend one hour with us, and see the class of men we clothe, and from these popular grades see how perfectly we fit them; how easily. Ask them them selves what we save them. Ask them if satisfaction isn't the invariable result of a visit to us. Among the mass of humanity they are better dressed than the average. The variety that is offered here is five times greater than any other tailoring shop can afford to carry. Search about town into every store that sticks out a Clothing sign and we'll count style with any four of them. We trust our reputation in every garment we sell. It's right as we know right. Perfect as we know perfection. Before your money seals the sale and then in spite of our extreme care and precaution, it fails, we're ready and anxious to buy it back at the original price. No wonder men feel safe in trusting their appearances and their purses to us.

# Mothers!

If your boys need a strong : : :
